JEAN PAUL AUGUSTO FLORES AUQUIMAYTA

PROFESSIONAL RESUME

Professional with extensive experience and excellent skills in developing web projects. I have specialized knowledge in the different frameworks and cutting-edge libraries in Front end development, such as React, Vue, etc. I stand out for my ability to solve problems, and I am always willing to learn new things.

I am very passionate about technology, that is why I always seek to learn and apply new things to what I am working on.

I am a person who strives at all times to guarantee customer satisfaction. I have the ability to work both in a team and independently, according to needs. I am looking for the opportunity to prove my worth in a future company.
